Lead Time: Next Friday - Standard

Refer to each product's submittal for finish options available. Colors have been reproduced as accurately as possible, however may vary in actual use due to sheen, lighting or application. Please contact Dayus for color samples as required.

## Any Color Your Customer Wants.

**Your customer's satisfaction matters** and Dayus is committed to giving you the options to help you achieve it. We can custom match any color chip, and offer a wide range of custom finishes.

Time-sensitive order? We've curated and carry popular Select finishes, such as Flat Black, Simulated Anodized & Prime Coat, which are all available on our fast Next Friday lead time.

### Special Order Powder Coat

Need a color outside our Standard or Select Finishes?

Dayus provides additional options for exact matches. Our office and powder coating suppliers will custom match your color sample for a precise special order.

### Simulated Anodized

The look you want at the price you need.

Simulated Anodized offers the same rich, satin finish through powder coating without the high cost of traditional anodizing.

## Prime Coat

The perfect match to any style.

The mechanical requirements of a job don't have to be at odds with design. Satisfy both with a Prime Coat finish. Watch your high-performance products blend beautifully into the walls & ceiling.

**Why use our Prime Coat?** It offers a fine texture that evenly adheres wall paint to the product. Better still, Prime Coat is available on our Next Friday option for urgent jobs that can't wait.

Further disappear into the wall with our Concealed Mud-In Grilles in a Prime Coat (shown below)
