## Leak Sealants

Leak Sealants

### Flex Inject Sealant Advanced & Total

Flex Inject Sealant Advanced & Total are the fastest, most effective proven way to permanently seal and prevent minor air conditioning and refrigeration (AC/R) leaks. With no tools or gauges required, the Flex Inject sealant works by traveling through the system with the oil and refrigerant fixing leaks immediately. Flex Inject works with all compressors, heat pumps, condensers, and other system components and it will not plug up manifold gauges, metering devices, thermostatic expansion valves (TXVs), pistons or cause cap tube blockages. It meets the ASHRAE ARI 700 refrigerant standard and is compatible with any refrigerant including R-410A with no pump downs or recoveries required. Flex Inject is suitable for use in aluminum and copper coils and is microchannel friendly.

Catalog No.	Description	UOM	Order Multiple	List Price
985	Flex Inject Sealant Advanced for systems up to 6 Tons	EA	6	\$174.08
995	Flex Inject Sealant Total with UV dye for systems up to 6 tons.	EA	6	\$191.80
999KIT	Flex Inject Sealant Advanced and Total Plus Flash Detect Inject with fo	EA	12	\$1,927.76
