

GE Zoneline® Heat Pump Unit, 230/208 Volt Model# AZ65H09DQC

FEATURES

Product Type	Packaged Terminal Air Conditioners (PTAC)
PTAC with Indoor Environmental Quality (IEQ)	Yes

- Average of 93.9% reduction of airborne viruses within 180 minutes* - *GE Appliances tested a Phi-X174 bacteriophage virus, nebulized in a sealed test chamber (10'x10'10') with an average temperature of 68F and relative humidity of 50.3%. Air sampling was taken every 30 minutes with the Zoneline PTAC on high speed with a new UVC kit active over 3 hours and compared to natural decay results. Testing was conducted at a nationally accredited laboratory
- UV-C PTAC Light Technology - Designed to apply UV-C light to air as it passes through the unit
- Focused UV-C Directional Fan - Powerful UV-C lights focus on the PTAC fan blade, where air movement occurs
- UL® Classified - Representative samples of this product have been evaluated by UL, meeting applicable safety standards
- Retrofit Capable - Optimized for Zoneline® PTAC's (AZ45/65 W5 and beyond)
- Digital LED display
- Two DC fan motors
- Cross-flow blower
- Can be sold in all states except: CO, DC, HI, IN, NM, OK, WV, WY
