DB SERIES DUCT BOOSTERS

For increased air flow in both hot and cold forced air systems, the DB Series Duct Boosters provide the easy, economical solution.

APPLICATIONS

- Problem heating and cooling areas
- Low air flow areas

BENEFITS

- Easy Installation
- Energy Savings
- Economical Solution
- Fits in round, square or rectangular ducts
- Operates only when you want it to

4 VERSIONS

DB4	4 inch Duct Booster
DB6	6 inch Duct Booster
DB8	8 inch Duct Booster
DB10	10 inch Duct Booster
DB12	12 inch Duct Booster

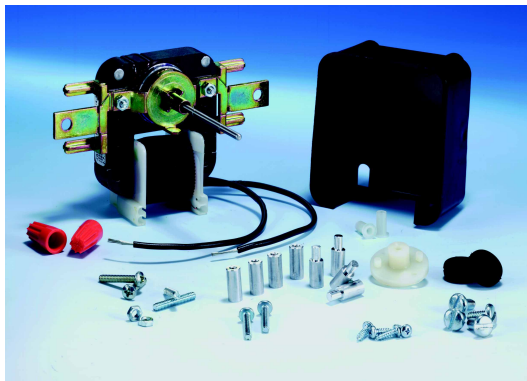

Installation Tools Required

- Screwdriver
- 1/2" and 1/8" sheet metal drill bits
- Sheet metal shears
- Electrical junction box (if required by code)

SPECIFICATIONS

	Dimensions	Fan Blade	Voltage	Motor Ratings	cfm
DB4	6" x 4"	2.75", 3000 rpm	115V	1/400 hp, 0.29A, 17 Watts	110
DB6	7.25" x 6"	5.5", 3000 rpm	115 V	1/150 hp, 0.64 A, 23 Watts	240
DB8	7.25" x 8"	7", 3000 rpm	115 V	1/100 hp, 1 A, 38 Watts	420
DB10	8.0" x 10"	8.75", 1550 rpm	115 V	1/70 hp, 0.55 A, 35 Watts	850
DB12	9.0" x 12"	11", 1550 rpm	115 V	1/40 hp, 0.9 A, 71 Watts	1150

Mounting Kit and Templates included
1 year Warranty

SM999 UNIVERSAL MOTOR KIT, EVAPORATOR FAN TYPE

The Supco SM999 Evaporator Fan Universal Motor Kit can replace almost any refrigerator/freezer evaporator fan motor. Direct replacement for M & A 90999, GEM EM-249 and EM-240 Series, Robertshaw 33-110, 33-112 and 33-114.

FEATURES

- Clockwise or counter clockwise rotation
- Prefastened multi-fit break-off mounting bracket
- Break-off motor shaft. Total shaft length is 2" from the hub with breakaways at 1/2" and 1 1/2".
- All mounting accessories and hardware included
- Single speed, reversible

**EXCLUSIVE SUPCO
TIMESAIVING, BREAKAWAY
BRACKETS**

SM998 Motor Kit

A new universal motor kit that replaces MOST evaporator fan motors that operate on 220 VAC. Same features and specifications as SM999 (except it operates on 220VAC 50/60Hz.) Direct replacement for M&A 90998.

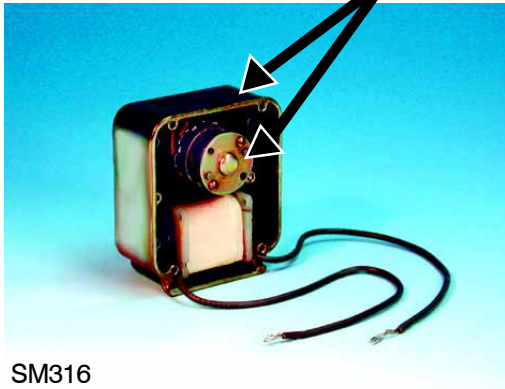

PART NO.	DESCRIPTION
SM999	120 VAC, 3000 RPM, 1/200 H.P., .31 AMP impedance protected
SM998	220 VAC, 3000 RPM, 1/200 H.P., .31 AMP impedance protected

SM300 SERIES

EXACT REPLACEMENT EVAPORATOR FAN MOTORS

Supco exact replacement motors are equivalent to O.E.M. models in mounting, rotation and performance. ***All motors available in 220 Volt**

SM600 SERIES UTILITY MOTOR KITS

The Supco "SM600" Series Utility Motor Kits were specifically designed to replace almost all round or "C" frame style motors.

APPLICATIONS

- Reach in refrigerators
- Walk-in refrigerators
- Evaporators
- Exhaust fans
- Electric unit heaters
- Ventilators
- Force air heaters
- Range hoods

Now with 5/8" stack

PART NO.	VAC	R.P.M.	AMP RATING	SHAFT LENGTH	STACK SIZE	ROTATION
