Superior AccuTrak® VPE Ultrasonic Leak Detector

The patented Superior AccuTrak® VPE Ultrasonic Leak Detector is a state-of-the-art, non-invasive, ultrasonic leak detector that can detect both pressure and vacuum leaks of ANY GAS or refrigerant. The AccuTrak® VPE is ideal for pinpointing leaks in air conditioning, refrigeration, automotive, and other systems. The AccuTrak® VPE offers higher performance at a far better value than any other instrument in the market!

Find Your Kit

Whether you only need the basic functions of the VPE or you plan to take full advantage of the instrument's diverse capabilities, we have a kit that will meet your needs.

Basic Kit

SKU: VPE BASIC

- VPE Leak Detector
- Headset
- Hard Case
- Battery
- User's Manual

Standard Kit

SKU: VPE

- VPE Leak Detector
- Headset
- Touch Probe
- Waveguide
- Hard Case
- Battery
- User's Manual

Professional Kit

SKU: VPE PRO

- VPE Leak Detector
- Noise Cancelling Headset
- Touch Probe
- Waveguide
- Canvas Belt Pack
- Large Hard Case
- Battery
- User's Manual

Plus Kit

SKU: VPE PLUS

- VPE Leak Detector
- Sound Generator
- Headset
- Touch Probe
- Waveguide
- Canvas Belt Pack
- Hard Case
- Battery
- User's Manual

Pro-Plus Kit

SKU: VPE PRO-PLUS

- VPE Leak Detector
- Sound Generator
- Noise Cancelling Headset
- Touch Probe
- Waveguide
- Canvas Belt Pack
- Large Hard Case
- Battery
- User's Manual

Superior AccuTrak® VPE-GN Ultrasonic Leak Detector

The patented Superior AccuTrak® VPE-GN “Gooseneck” Ultrasonic Leak Detector is a state-of-the-art, non-invasive, ultrasonic leak detector that can detect both pressure and vacuum leaks of ANY GAS or refrigerant. The AccuTrak® VPE is ideal for pinpointing leaks in air conditioning, refrigeration, automotive, and other systems. The VPE-GN features a 9½” flexible Gooseneck providing better detection capabilities in hard-to-reach places.

Find Your Kit

Whether you only need the basic functions of the VPE-GN or you plan to take full advantage of the instrument's diverse capabilities, we have a kit that will meet your needs.

Basic Kit

SKU: VPE-GN BASIC

- VPE-GN Leak Detector
- Headset
- Hard Case
- Battery
- User's Manual

Standard Kit

SKU: VPE-GN

- VPE-GN Leak Detector
- Headset
- Touch Probe
- Waveguide
- Hard Case
- Battery
- User's Manual

Professional Kit

SKU: VPE-GN PRO

- VPE-GN Leak Detector
- Noise Cancelling Headset
- Touch Probe
- Waveguide
- Large Hard Case
- Battery
- User's Manual

Plus Kit

SKU: VPE-GN PLUS

- VPE-GN Leak Detector
- Sound Generator
- Headset
- Touch Probe
- Waveguide
- Hard Case
- Battery
- User's Manual

Pro-Plus Kit

SKU: VPE-GN PRO-PLUS

- VPE-GN Leak Detector
- Sound Generator
- Noise Cancelling Headset
- Touch Probe
- Waveguide
- Large Hard Case
- Battery
- User's Manual

Superior AccuTrak® **VPE-1000 Ultrasonic Leak Detector**

The patented Superior AccuTrak® VPE-1000 Ultrasonic Leak Detector is a state-of-the-art, non-invasive, ultrasonic leak detector that features advanced separate sensors for both airborne and contact ultrasound. With greater sensitivity and the capabilities of two instruments in one, the VPE-1000 is perfect for factories, warehouses, schools, hospitals, hotels, and other large institutional or industrial environments. The VPE-1000 is an excellent choice for the HVAC/R technician who wants the very best leak detection capability and the additional functionality needed for a variety of plant maintenance applications.

More Features, More Applications

- **Leak Detection:** Air, Vacuum, Refrigerants; ANY GAS!
- **Steam Traps:** Detect live steam loss in seconds!
- **Valves:** Detect internal bypass in any type of valve! Diagnose thermal expansion valves in just five minutes!
- **Bearings:** Hear wear and lubrication problems before damage is done!
- **Electric Arc and Corona:** Inspect circuit breakers, relays, and buss bars!
- **Pneumatics and Hydraulics:** Inspect controls, hoses, tools, fittings and more!
- **Vibration:** Detect the ultrasonic sound generated by excessive friction!
- **Fan Belts:** Detect improper tension, misalignment and excessive wear!

Includes Everything You Need!

SKU: VPE1000

- VPE-1000 Leak Detector
- Noise Cancelling Headset
- Touch Probe
- Waveguide
- Large Hard Case
- Battery
- User's Manual
- Instructional Video

Superior AccuTrak® Accessories

Burst Tone Ultrasonic Sound Generator

SKU: VPESG2

Creates artificial "sound pressure" to leak test a non pressurized vessel or seal

Industrial Grade Noise Cancelling Headset

SKU: VPHS-1

Designed for use in loud environments

Industrial Grade Noise Cancelling Headset

SKU: VPHS-4

Hardhat compatible - designed for use in loud environments

3 ft. Adjustable Extension Probe Kit

SKU: VPEP

Take accurate probe readings in hard-to-reach places - fits VPE-1000 only

Premium Large Hard Carrying Case

SKU: VPECC4

Pick & pluck foam - holds any instrument

Hard Carrying Case (Large)

SKU: VPECC2

Custom foam inserts - holds any instrument (must specify on order) (std. with VPE-1000)

Hard Carrying Case (Small)

SKU: VPECC1

Custom foam inserts - replacement case for select VPE & VPE-GN kits

Canvas Belt Pack (VPE/VPE-GN)

SKU: VPECC6

Handy belt pack that easily and securely attaches to belt - fits VPE and VPE-GN only

Canvas Belt Pack (VPE-1000/2000)

SKU: VPECC3

Provides extra protection during instrument use and easy carrying. - fits VPE-1000/2000 only
