

CACU-20-P

TPI Corporation understands that providing a comfortable and cool atmosphere gives you a better competitive advantage. The CACU Series isn't your average out-of-the-box pedestal fan. This lightweight and hassle-free fan is attractively designed for modern, contemporary or traditional indoor applications like personal workspaces, gyms, restaurants, covered patios, workshops, classrooms garages, play spaces and more.

Prepare to be **BLOWN AWAY**
by the power behind TPI's
ventilation products.
