| INSRKIT04  | 110-155 Blower w/ Gaskets         | X                                 |               |             | X                  |               |             |                    |               |             |
| INSRKIT05  | 199 Blower w/ Gaskets             | X                                 |               |             | X                  |               |             |                    |               |             |
| INSRKIT06  | Gas Valve w/ Gaskets              | X                                 |               |             | X                  |               |             |                    |               |             |
| INSRKIT26  | Igniter Cable                     | X                                 |               |             |                    |               |             |                    |               | X           |
| INSRKIT27  | Igniter                           | X                                 |               |             | X                  |               |             |                    |               | X           |
| INSRKIT18  | 110 Combustion Chamber Insulation | X                                 |               |             |                    |               |             |                    |               |             |
| INSRKIT19  | 155 Combustion Chamber Insulation | X                                 |               |             |                    |               |             |                    |               |             |
| INSRKIT20  | 199 Combustion Chamber Insulation | X                                 |               |             |                    |               |             |                    |               |             |
| INSRKIT152 | Control Module                    | X                                 |               |             | X                  |               |             |                    |               |             |
| INSRKIT53  | Display Module                    | X                                 |               |             | X                  |               |             |                    |               |             |
| INSRKIT58  | DHW Flow Sensor                   | X                                 |               |             |                    |               |             |                    |               | X           |
| INSRKIT61  | 3-Way Valve Motor                 | X                                 |               |             |                    |               |             |                    |               |             |
| INSRKIT62  | 3-Way Valve                       | X                                 |               |             |                    |               |             |                    |               |             |
| INSRKIT28  | Spark Generator                   | X                                 |               |             |                    |               |             |                    |               | X           |
| PARKIT01   | Flue Temp Sensor                  | X                                 |               |             |                    |               |             |                    |               | X           |
| PTRKIT122  | Supply/Return Temp Sensor         | X                                 |               |             |                    |               |             |                    |               | X           |
| PARKIT04   | LWCO                              | X                                 |               |             | X                  |               |             |                    |               |             |
| INSRKIT107 | Blower Gasket                     | Included w/ INSRKIT04 & INSRKIT05 |               |             |                    |               |             |                    |               |             |
| INSRKIT111 | Venturi O-Ring 110/155            | included w/ INSRKIT04             |               |             |                    |               |             |                    |               |             |
| INSRKIT112 | Venturi O-Ring 199                | included w/ INSRKIT05             |               |             |                    |               |             |                    |               |             |
| INSRKIT114 | Gas Pipe Gaskets                  | included w/ INSRKIT06             |               |             |                    |               |             |                    |               |             |
| HARD CASE  | Hard Case                         | X                                 |               |             | X                  |               |             |                    |               | X           |
